Figure 1 is a schematic diagram of a system for determining a position. It consists of two main parts: a 3D perspective view and a 2D top-down view. The 3D view shows a curved surface (2002) with a central peak and a surrounding valley. The 2D view shows a rectangular area (2000) divided into a grid of squares. Several small cylinders (2001) are arranged in a row within this grid. The cylinders are labeled with the number 2000. The diagram is labeled with reference numerals 2000, 2001, and 2002.
